

Jahjumbeen Occasional Child Care Centre

Fact sheet

Occasional care for your child

Whether you need child care for two hours, two days or two weeks, we can help

We are here for parents who need someone to care for their children but don't need full-time child care.

Are you a parent who needs to:

- attend lectures
- go shopping
- play sports
- socialise
- take your older children to school
- attend an appointment
- pursue hobbies
- spend quiet time with your new baby
- work part-time or casual hours?

We cater for children from six weeks to school age.

Jahjumbeen is a stimulating and educational environment that is both nurturing and fun for your child. Our carers are all compassionate, caring and professional.

Your child will be offered:

- learning activities and social interaction
- outdoor activities in a well-equipped shaded area
- undercover play areas for rainy days
- music, stories, dramatic play, language, problem solving and a wealth of other learning and play opportunities.

Come visit and talk with us anytime, explore our centre. Meet our carers and join in with the singing, laughing and learning that we enjoy with our children.

Bookings for your child to attend Jahjumbeen are made one week in advance by phoning the centre after 8.30am or by visiting the centre.

There is a minimum booking of two hours.
